

MRGS Grade 3 Science – Term 1 Project (2019)

Dear Parents,

In keeping with this term's theme of 'Waters That Link And Divide', we would like the students to create a poster which highlights the negative impact of human activity on aquatic habits and **current efforts** being made to reverse the negative impact of human activity.

Instructions

- Use 8 ½ x 11 construction paper – label 'Science' at the top of the page.
- Students must stick at least 3 pictures:
 - 1 picture of clean aquatic habitat
 - 1 picture of a habitat that has been negatively impacted by human activity
 - 1 picture of the current efforts being made to reverse the impact of human activity
- In 6-8 lines, students must describe:
 - The name of the aquatic habitat they chose (e.g. Caribbean Sea. Provide brief details on location of habitat)
 - The consequences of human activity on the habitat chosen.
 - Description of the current efforts being made to clean up
- Students must write their **NAME** and **CLASS** at the back of the project
- Please ensure that the work is neatly done and is brought in **NO LATER THAN**

Please note that marks will be deducted for each late day of submission.

Please see the rubric below for the marking criteria:

| | |
|--|-----------------|
| Pictures | 3 marks |
| Description of aquatic habitat | 2 marks |
| Description of consequences of human activity on the habitat chosen | 2 marks |
| Description of current efforts being made to clean up | 2 marks |
| Neatness | 1 mark |
| Following instructions | 1 mark |
| Submitting project on time | 1 mark |
| Total | 12 marks |

A soft copy of this letter is available on our websites

Kind Regards,

Grade 3 Science Teachers
